Colors

If you want to customize the colors, go to the *Swatches Palette* and do double click over the desired Global Color identified by a little white triangle on the bottom right corner of the swatch. Don't forget to enable the "Preview" option in order to get a **Live Preview**.

Text Styles

The easiest way to edit the text on the document is by using the character and paragraphs styles. Follow these steps:

- Deselect any selected object
- Open the *Paragraph Styles Palette*
- Edit any style in the list doing double click. Don't forget to enable the Preview checkbox in order to view the live changes.

The *Character Styles* just overrides some properties of the *Paragraph Styles*, Follow the previous steps in order to edit them.
